Breeder Guarantee

Brooking Angus Ranch guarantees our bulls to be sound, fertile and reproductive in accordance with the rules and regulations of the Canadian Angus Assoc. for the first breeding season. Claims must be made by September 1st of year of purchase. If a problem occurs, please contact Justin immediately and we will provide a suitable replacement, if available, or a sale credit. This guarantee does not cover death, injury or mismanagement. Our goal is to have you satisfied with your Brooking bull.

Sight Unseen

We would love to have you with us; however we do understand how busy things can get around the ranch. Our sight unseen program is simple. Call Justin in advance and we will discuss your needs, cowherd, goals, budget and which bull or bulls will work best for you. Bids are handled in confidence with SATISFACTION UPON DELIVERY GUARANTEED or you don't own them. We have sold up to 30% of our bulls this way in the past.

EPDs

Printed EPD's are the current CAA EPDs at publication time.

Delivery

Free delivery to central points near your ranch in Alberta, Saskatchewan and Manitoba. All other points will be cost shared. A discount of $100 will be provided for purchases hauled home on sale day.

U.S.A. Buyers

We welcome our U.S. customers and will provide the necessary health and export papers. Delivery will be looked after within a 600-mile radius of our ranch. We are a half hour from a 24 hour U.S. border crossing. U.S. funds will be accepted at the Rate of Exchange current on sale day.

Accidents

Although every precaution will be taken, neither sales management nor Brooking Angus Ranch assume any responsibility in this matter and disclaims any liability, legal or otherwise in the event of accident or loss of property.

BROOKING ANGUS RANCH
2022 Breeder of the Year

from the Morrison family

WELCOME

Welcome to our family's 11th Annual Bull Sale held at our ranch just west of Radville. 2022 was a great year for our operation. We had a successful Bull Sale in the spring where we were named 2022 Saskatchewan Angus Purebred Breeder of the year. We were provided with enough moisture to be able to grow enough grass and feed to get us through another year. We weaned what we considered our best calf-crop. Our son Kordell had a great year showing his heifer Ruby and together they won several banners throughout the year. At Agribition we won every division we exhibited in and topped it off with Premier Breeder and Premier Exhibitor. A highlight would be the overwhelming success and acceptance of our Open Book Invitational Female sale in November.

Our success would not be possible without the amazing help we get throughout the year. We truly thank everyone that supports us one way or another. Thank you is not enough to the following: Brody Scott is our only full-time employee and is a huge asset to our operation. Brody is always in a good mood and willing to help out with anything he is asked of. Our niece's; Taylor Wolter helped out a lot before she went back to school, Tennesee Wolter helps in the summer months and throughout the year. Brodie Gutzke helps a lot with clipping of sale cattle and on picture or video days. Cody Doud helps also with some sale presentation and with any setup and corral construction. Chance Froh and Kaylee Duncan also help with sale presentation and getting ready for sales. Luke Lewis and Brayden Schmidt have helped us at Agribition for years and we could not do it without them. Roger Reynolds is a partner of ours and is always willing to lend a hand. Our dear friends Jonathan Thomason, Mike and Shannon McDonald who are always there for us. Also a special thank you to our family that help throughout the year. The list could go on, we really appreciate the friendships built along the way.

We would love to have you join us and look over the bulls we have on offer and see what the Brooking program is all about. We strive to do our best and offer bulls that we are proud to call Brooking Bulls. Our highest priority is to provide a product and service that creates success for our customers. If we can be of any assistance, please feel free to contact us.

Sincerely,

Justin Morrison

BOHRSON MARKETING SERVICES LTD.

SALES MANAGEMENT

The Morrison family of Brooking Angus Ranch have again raised the bar of quality for their 11th annual bull sale as they have put together one of the deepest sets of beef bulls you will find anywhere in North America of any breed.Their hard work, dedication and commitment to raising the best possible product for their customers is as evident now as ever before with a powerful string of Angus bulls suited for the most critical of commercial and purebred operations. Brooking has become a household name across the globe as the source of some of the most potent donor females and has been home to some of the most sought after herd bulls in the nation, whether they were born right here, or acquired for herd bull duties. We are excited to welcome you to their 2023 event at the ranch near Radville, SK.

The lineup of herd bull candidates are one after another in this years sale.True curve bending sires that are born easy with modest birth weights and grow into the big time performance Angus cattle that they are. They are the deepest in quality set as we have seen and from the front of the catalogue to the back throughout the sire groups represented, you will see a consistent, uniform set of bulls that need heavy consideration. These bulls are built to sire a set of replacement females that will be held in high regard and a set of sons that can crush the scales down come weaning time. We strongly believe the cow power behind these bulls is as good as it gets and you can buy with confidence knowing your next purchase(s) are backed by some of the best cows within the entire industry. We could go on about the depth in this years offering but would be remiss to not mention the great customer service that backs the bulls. The Morrison family are great folks to do business with and their strong following of repeat buyers each year is evident to not only the great quality on offer, but the folks backing it. We know you will be very impressed!

We encourage you to make time and view the sale bulls, their dams and their sisters well in advance to sale day. Justin is more than happy to tour you through his families operation and talk cattle, anytime. Please join us for sale day and take in an exciting offering of Angus bulls and share some great hospitality. All of us at Bohrson Marketing are very familiar with the Brooking program and the stock on offer and would be pleased to represent your bidding and buying needs sale day if you are unable to attend. We look forward to visiting with you on this outstanding set of bulls.

Brooking Emerald 9179 has continued to gain popularity at every stage of his career. He was extremely popular when he sold for $94,500 to a group of breeders at the historic Rose Bowl sale. Brooking Emerald 9179 is muscular, masculine, deep ribbed, with an abundance of shape in his hip. He stands on excellent feet, is big scrotalled, has an even balance of weight distribution from his front to back and is extremely sound moving. His progeny have accelerated his popularity as they are performing well and have a next level of look, phenotype and hoof quality. His incredible dam Brooking Beauty 6051 is what we consider an ideal Angus female and has extreme quality and production. Her impressive daughters were the talk of the industry last fall where they sold for $100,000 ½ interest, $75,000 ½ interest, $50,000, $40,000 and $25,000. We sold 5 daughters of Brooking Emerald 9179 last fall and they won every division at Agribition and avg over $36,000. Brooking Emerald 9179 does everything right as a sire and his progeny will be in huge demand for years to come.

Brooking Headliner 2056 is a sale season highlight that is extremely intriguing to look at. He captures your attention with his rare ability of holding his head high on the move, coupled with huge rib cage dimension, levelness and broadness of hip, perfect feet and all in an attractive look. His style, mass, power and soundness has been demonstrated from a young age. Not only does he have extremely good phenotype, he adds performance with an 843lb weaning weight and a 1436lb yearling weight. His moderate framed dam is easy fleshing, excellent uddered, good footed and angular fronted. The grandam is a donor female at Blairs.Ag and Canadian Donors.

Brooking Foundation 2078 is exactly the type of bull we strive to produce and our customers have come to expect at Brooking. He is a fault free individual who is abound with muscle shape, stands on a perfect hoof and shows great Angus character in his head. His dam is a premier status female with the CAA and is ideal in her phenotype. Flag Abigail 10671 is exactly the kind of female that has earned legendary status for SAV Density. She is angular fronted, ideal uddered, sound footed and most importantly productive and fertile. She has been a favourite of many visitors to the ranch. A maternally stacked pedigree of some of the breeds greatest cows along with multiple times back to Density and Right Time.

These Emerald sons have sure been the talk in the Angus world this past year in Canada and here is an example why. Brooking Vision 2167 is loaded with muscle, fleshing ability, has awesome feet, all with an attractive look and character in his front end. His dam is part of the Brooking donor arsenal and is always admired by visitors for her massive rib and hip shape, easy fleshing ability, ideal udder, beautiful head and in a moderate frame size while still being heavy made. Maternal brothers walk at Westway Farms, Riverfront Angus Ranch, Jason Morrison, and Bar D Farms. His grandam has premier status with the CAA.

Brooking Abigail 6006 - Dam

Brooking Futures - Maternal Brother

EMERALD 9179 SONS

A striking sale feature among the Emerald sire group. He is easy to look at with his attractive design and floating movement. Ae is long and clean through his front end, straight topped, square hipped with fuzzy jet-black hair. His dam is a moderate framed, pretty uddered, and angular made daughter of the $50,000 Brooking Silver Lining 5012.

GRANDAM - ROSE 214X

FLUSHMATE TO DAM

Brooking Moxie 2059 is the type of bull that captivates your attention. He is square, sound moving, muscular, long bodied with body dimension. He has a front end that is clean and attractive with an upfront look. He has the power and high-end quality for the most astute operations. This herd sire is genetically designed to line up and stack the best genetics to increase his breeding potency and predictability. Study this guy's pedigree and the great cows and bulls for generations on every branch of his pedigree. A maternal sister sold to Duffs in Oklahoma. His dam is a flush mate to a past high selling female for us at $39,000. The grandam has elite status with the CAA and has 44 progeny to date.

Introducing Brooking Timeless 2146. A herd sire candidate that is loaded with look and maternal genetics. He is moderate in frame with a neat combination of muscle shape, masculinity and attractive good looks. You will love his quality phenotype, early scrotal development, straight top and his small Angus head. His maternal brothers highlight a $60,000 high selling bull, Brooking Can Am 0012, selling to Montana Ranch, $29,000 Brooking Resurrection 1070 to Haynes Angus and Brooking Retro 9071 to Gutzke Ranch. He is supported by a potent cow family that never misses. His dam is a flush mate to the $47,500 Brooking Real Estate. The grandam is the famed Rose 1019 and the third dam is the iconic Rose 918. You will see their progeny featured in every one of our sales for the past ten years. Here is a herd sire to tie onto.

Herd sire alert! Brooking Railroad 2049 has been the leading choice of some great operations. He is loaded with muscle down his entire top - right into his shoulder. He is well-made, excellent footed and stout-featured. We really like how a bull that owns this much power and width still maintains an attractive look and ideal head. The Brooking kind. His dam is from the famed Royal Lass cow family. She is moderate in size, easy fleshing, quiet natured with a nice udder. Exactly the kind Motive is well known for. A maternal brother was a top seller in the 2021 bull sale to Tyson Rasmussen and other progeny have sold to Renegade Ridge and Gutzke Ranch.

EMERALD 9179 SONS

Wowzers does this stud have look and style to burn. Now with this much look you are going to love his straight top and bulging muscle shape in his hip, forearm and back. Bulls like this are hard to come by but comes as no surprise when you analyze his pedigree. His dam was a top selling female to the Fornwald Family now operating as DK Land & Cattle. Brooking Beauty 9126 is stout made, easy fleshing, quiet natured and great haired. The grandam is our herd matron with well over 100 progeny and will be a major influencer of our program for years to come.

A more moderate framed Emerald son that is loaded with rib shape, added bone, great hair and is straight topped and deep end-to-end. Interesting fact: he is double bred to the Beauty cow family top and bottom. He really looks a lot like his dam. Brooking Beauty 8206 is moderate, easy fleshing, soft ribbed and has that unmistakeable Beauty head. The grandam TLA Beauty 6R is responsible for a lot of our success at Brooking and is buried on the hill south of the sale barn.

SAV Renovation 6822 has earned his way to become one of the most popular and dominant sires in the breed worldwide. He is rare as his legacy is not only limited as a sire-of-sires, he is also a maternal sire. There hasn't been an Angus bull in recent times to have sired as many incredible sons that in turn are making an impact on their own. His progeny has an abundance of muscle, body shape, depth of rib with traditional Angus type. His 32 son's avg $45,000 at the recent Schaff Angus Valley sale. His daughters in production are a dream and are exactly what we want. They are easy-fleshing, deep end-to-end and have ideal milk flow with beautiful udders. This comes as no surprise considering the Madame Pride cow family behind him. His dam is an ideal Angus female. She is moderate framed, stout, wedge shaped, angular fronted and has an absolute perfect udder. The magnificent grandam is the famous SAV Madame Pride 0075 generating $5.4 million in revenue. He is a breed impacting sire that we will heavily build our program with.

A sale highlight. The only full brother to the $94,500 Brooking Emerald 9179 that will ever be available. Emerald's initial calf crop has us extremely excited. They are stout, powerful and have "the Brooking look". His semen is not on the open market and here is an opportunity through a full brother. His dam Brooking Beauty 6051 is the best daughter of $125,000 Brooking Bank Note 4040 in existence. She is considered by many to be the best phenotype cow to ever wear a Brooking prefix. Brooking Beauty 6051 is an incredible female that is the definition of angularity and femininity while possessing a huge amount of shape and capacity. She is wide hipped, wedge shaped, has perfect feet and an ideal udder. Brooking 2166 shares a lot of resemblance to his brother. Here is a herd sire to build with.

BROOKING BEAUTY 6051 - Dam

Recommended for heifers. Brooking Brigade 2009 is a true beef bull with all the bells and whistles. His hip is bulging with shape, has extra substance of bone, deep bodied and has a traditional Angus look to him. His dam is the right kind. Brooking Beauty 7008 is modest in size, extremely easy fleshing and level uddered. The grandam is a premier status dam. The third dam is the iconic TLA Beauty 6R.

Recommended for heifers. An excellent calving ease bull that started with a modest 66lb bw and really performed well to earn an 860lb weaning weight. A combination that is hard to achieve. His heavy milking dam has calved the same week three consecutive years while maintaining 108 weaning ratio. A combination of our program, Renovation x Firebrand resulting in performance in the right package.

Brooking Renovation 9327 is a bull we retained for use in our program. He will be most noted as a full sib to the $54,000 Brooking National 0144, whose initial calf crop is really stirring things up at Bar-E-L Angus and MTC Cattle., and Brooking Revival 0074 at Montana Ranch and Slovek Ranch. His iconic dam is the famed Soo Line Rose 1019 whose progeny and influence is seen throughout all of our sales with most of her sons selling over $25,000. The grandam, EA rose 918 is considered one of the ideal females in the entire Angus breed. Brooking Renovation 9327 is very similar to his brothers in type and kind. He is muscular, well-made, balanced, straight topped and has a traditional Angus look. You will see a larger group of sons in next year's sale. His sons have an avg weaning and yearling ratio of 106.

Soo Line Rose 1019 - Dam

We are always about the cow family at Brooking and this herd sire prospect has one of the best foundation cow families in the breed. His two-year-old dam is awesome uddered, angular fronted and obviously productive with her over 800lb weaning bull calf at side. A full sister to the dam is Brooking Beauty 8187 who is a sight to behold as she is incredibly massive, perfect uddered matched with an angular front end. Embryos out of her have sold as high as $6,000 per embryo. The grandam is our number #1 income cow and has over 100 progeny to date.

Brooking Renovation 9313 was a bull we kept back to use in our program as he was the only son, we had out of Brooking Rose 201. He was an impressive individual that was attractive made with a huge crest, bulging hip and masculine appearance. He unfortunately broke his leg after limited use. His dam is one of our favourite females. She really is ideal and rare in her quality.

If you are like us and only use bulls out of great looking dams than here is a bull for you. Brooking Clova Pride 5089 is massive made, square hipped, deep ribbed female with an excellent udder and a pretty front end. She is one of the cows that gets admired by most visitors. Maternal brothers have sold to Riverfront Angus Ranch, R Saga Ranch and Gutzke Ranch.

MUSGRAVE CRACKERJACK SONS

LOTS 35-36: Recommended for heifers. Herd sire alert! A pair of somewhat out-cross calving ease bulls that offer an attractive look, extra length of body, square hip without sacrificing performance. Both of these bulls were heavy at weaning and looked like herd bulls out on grass at a young age. The sire was a high selling bull at Musgrave Angus to ST Genetics. The impact these bulls could have is solidified with their dam being one of the top cows in Canada. Brooking Beauty 333 is a powerhouse factory. She has over 100 progeny to date and has leading sons and daughters in a handful of countries. She consistently mates well and her progeny are always in demand. Potency in the cow family.

Recommended for heifers. The only Atlantis son in this year's offering and he is sure to gain some attention from operations in search of a calving ease herd sire. This solid made, fault free bull is thick, muscular, straight topped and masculine. For a calving ease bull, he brings the punch with over an 800lb weaning weight. His two-year-old dam is a flush mate to Brooking Revival at Montana Ranch and Brooking National at Bar-E-L Angus. She is built just like her brothers in terms of her easy fleshing ability and traditional Angus character. The grandam, Soo Line Rose 1019, is responsible for many herd sires and most of our top selling individuals over the past decade.

Recommended for heifers. Everything is right about this elite calving ease bull from your first glance, to his pedigree, his cow family strength, to his performance. Brooking Eclipse 2208 is just a March born bull that is long and clean fronted, has an attentive appearance, big ribbed, hairy and stout. He would look awesome in the breeding pasture or the show ring. One thing for sure is we know there will be some incredible daughters when you combine the maternal heritage of Bismarck and then the potent Brooking Beauty 333 on the bottom side. You will see full sisters as a feature choice lot in our female sale this fall.

Coleman Triumph 9145 was Coleman's high selling bull at $225,000 to Rust Mountain View Ranch. His progeny has a bit more scale and performance than his sire Bravo. We like their added body depth, calving ease and ability to gain. The main reason we included Triumph into our program was the high quality his dam has produced. Triumph has multiple full sisters that are incredible young cows that have sold for $750,000 and $300,000 valuations.

Recommended for heifers. A direct son of TLA Beauty 5R to lead off this sire group. TLA Beauty 5R is most noted as the dam of pathfinder sire Soo Line Motive 9016 and full sister to TLA Beauty 6R. It really is impressive the thousands of animals that are positively affected by TLA Beauty 6R. We believe bulls sire daughters like their mothers and who wouldn't want an entire herd like the Beauty's? Then add in the Donna's and Chloes on the top side and this herd sire candidate is stacked with absolutely great females.

TLA Beauty 5R - Dam

Motive 9016 - Maternal Brother

COLEMAN TRIUMPH 9145 SONS

Recommended for heifers. A negative birth weight bull that defies what negative birth bull's typically offer. He is long bodied, has added frame size and plenty of performance for starting out at just 69lbs. He was the ninth heaviest gaining bull from weaning to yearling. His dam is a big bodied, easy fleshing daughter of Renovation.

A feature of this year's bull sale. Brooking Midnight Rain 2107 is extremely unique in the amount of muscle he exhibits in his hip, down his top and forearm while being clean and attractive in his front end. Furthermore, he is wide pinned, full and square in his rump, huge scrotal, great haired, strong footed, clean sheathed, moderate sized with a herd sire appearing head. We should have showcased him at Agribition as he would have had the biggest hip of any Angus bull there combined with an attractive look. His dam was a $47,500 selection from Schaff Angus Valley. She is massive in her dimension, wedge shaped, broad hipped, in a moderate frame size. She is the dam of the $50,000 Brooking Gold Coin who was Reserve Grand Champion bull at Agribition.

SAV Emblynette 4223 - Dam

Brooking Gold Coin - Maternal Brother

SCHIEFELBEIN SHOWMAN 338 SONS

LOTS 47-48: A pair of ET brothers that are intriguing to say the least. Brooking Behold 2033 is the heaviest actual weaning and yearling bull we have ever had at Brooking. He had an actual weaning weight of 1105lbs. It surely is impressive the size and length of body he has. Brooking Frontier 2079 is the more moderate of the two, yet exhibits excellent muscle shape and substance. Their dam has wolds of volume, substance, power, fleshing ability, hoof quality and ideal Angus character. She has leading progeny in multiple herds proving her productive ability. The grandam is our number 1 income cow, Brooking Beauty 333.

An explosive performance son of Schiefelbien Showman whose semen has sold as high as $1800 per straw. Brooking Professor 2140 is stout made, good footed, muscular, and was the second heaviest weaning ET bull at 935lbs. Brooking Professor 2140 continued to gain to a 1502lb weaning weight in a moderate frame size. His dam is the powerhouse herd sire factory, Brooking Beauty 333. She has over 100 progeny to date and will be our featured dam in our fall female sale. A full sister sold for $20,000 in our female sale last fall to U2Q Genetics.

SAV America 8018 is the $1.51 million world record selling bull in Angus breed history. America combines a massive performance design and cowmaker phenotype with superior soundness, fertility, docility, and all the elements that make great cattle. We have only had embryo calves here at Brooking as there is limited semen availability in Canada. However, all have been stout and powerful. The sisters are possibly even better than the bulls. SAV America 8018 is from the same cow family as our Renovation herd sire. The dam SAV Madame Pride 0075 is also the grandam of SAV Renovation 6822. She is an incredible producer generating $5.3 million on 163 progeny.

Brooking Accelerate 2043 is a feature of this sale. Physically he is deep ribbed, thick-made, easy fleshing, square hipped, full in his rump, wide pinned, great haired and sound moving. He is the number 1 gaining bull from weaning to yearling with a ratio of 122. Genetically he is royally bred. His dam, Brooking Annie K 390 sold this past fall at 9 years of age for $50,000 to Mohnen Angus and Schrock Angus. She is most noted as the dam of the $95,000 Brooking Firebrand 6068 as well as other progeny for $41,000, $36,000, $25,500 and $25,000. A genetic herd sire to accelerate any program.

LOTS 55-57: A trio of flush mate brothers that are led off by Brooking 2100. They bring phenotype combined with leading cow families into a star-studded package. These three exciting herd sire candidates are the exciting and proven mating of the $1.51 million dollar SAV America and Brooking Beauty 6051. Full brothers were featured in last year's bull sale with Brooking Freedom 1031 leading the charge at $30,000 to Rusylvia, Klutz and Shologan. We have an exciting group of calves on the ground by Brooking Freedom and they are stout featured and good looking. Full sisters have sold for $50,000 and $30,000. Along with maternal sisters for $100,000 1/2interest, $75,000 ½ interest, $40,000 and $25,000. Note 2220 and 2222 are younger ET bulls and that always seems to be where the bargains are.

SAV Bloodline 9578 was the top-selling $250,000 bull at the 2020 SAV Sale. He is a performance sire that adds extra growth, muscle and pounds. His sons are the heavy pay weight kind and his daughters are angular and maternal appearing. The best thing about him is his truly incredible pathfinder dam, SAV Emblynette 2369. She is almost unmatched in terms of phenotype, performance and production. Brooking thinks so highly of SAV Emblynette 2369 that we purchased a son in the recent SAV Sale.

A sale feature! We think a lot of this promising Bloodline son that is a combination of balance, muscle shape, phenotype and attractive looks. Brooking Frontline 2002 is moderate framed, square hipped, good footed and has the Beauty cow family look added to him. His dam Brooking Beauty 7051 will be added to our donor program this upcoming year. She is moderate framed, ideal uddered, good footed, with the uncanny head and maternal look that is synonymous with the Beauty cow family.

LOTS 63-65: A trio of flush brothers that have many positive attributes to benefit most programs. The trio is lead off with Brooking Preakness 2077. He has been an impressive individual since a young age showing his masculine character and muscular build. Yet he has continued to flourish earning the second heaviest gain from weaning to yearling among the ET bulls. The brothers share a potent pedigree that is stacked every direction with elite cow families that are known for productivity, performance, high quality phenotype, and maternal power. The dam Brooking Beauty 333 has earned her way to stardom with an incredible production record. A main priority to acknowledge is the fact how potent and powerful her progeny breed on. Power is in the blood.

Brooking Mercury 9057 was our high selling bull in 2020 at $57,500 selling to Wiwa Crewk Angus and Canadian Sires. He was a member of an incredible flush who avg over $25,000. Mercury has increasing popularity as his progeny have added scale and performance, docile temperament, good hair, great feet and early scrotal development. The progeny reports are positive from everyone who used him. Our first Mercury daughter sold for $19,500 to Blair's.Ag and was Reserve in her division at Agribition. His dam Brooking Beauty 333 Is paving her way to stardom. By consistently producing some of the industry's best. She has many sons in leading operations and has avg over $22,000 in progeny sales, a flush sold for $23,000 and her embryos consistently sell from $2-3,000.

A young March born bull from our ET program. We pictured the bulls this year in mid-January so these March bulls would have only been 10 months of age at picture time. This Mercury son is excellent footed, stout-made, heavy-haired and impressive to say the least. His performance was exceptional earning a 936lb weaning weight and a 1464 yearling weight. His dam is a herd favourite and owns overwhelming shape to her hip and rib coupled with a perfect udder and angular front end. The grandam is a picture-perfect Density daughter at 12 years of age.

92	809	1392	3.3	69	119	23	-1.0	4.0

A rancher's deluxe bull. He is big and sound with a long body that delivers the pounds. His sire Brooking Mercury was a past high seller at $57,500 to Wiwa Creek Angus and Canadian Sires. He has been utilized in many operations with positive results. Just like this bull they are consistently performance orientated with added substance, hair and good feet.

A moderate made Brooking Mercury son that has the pounds in the right package. He has the third heaviest weaning weight of the natural bull calves at 887lbs. He is a neat combination that is complimented by his sire and maternal sire. He has the performance, hair and bone courtesy of Mercury and the moderate frame and easy fleshing ability from Renovation. Note the Countess cow family is responsible for multiple Supreme Champions for us.

A young March born bull from the ET program. He is smaller framed, well-made, good footed and has heavy haired. His dam Schaff Blackcap 955 had absolutely perfect feet and udder her entire life. She was in production until she was 13 years of age. She was ideal in her type, moderate framed and looked exceptional every day of her life.

DAM

YEARLING BULLS

A low-birth-weight son of Brooking Golden Ticket 8056 that gained well and earned an 826lb weaning weight. Brooking Golden Ticket 8056 was a resident herd sire that was attractive, heavy muscled and powerfully constructed. The dam is a moderate framed, excellent uddered, docile daughter of the famed SAV Renovation 6822. The grandam is an incredibly massive female.

Brooking Southern Charm 2212 is a young March born bull. A full sister was a highlight of our sale last fall where half interest sold for $75,000 to ZWT Ranch. The dam is incredible to look at as she is what we consider an ideal female.

The only Ellingson Aquifer son we have. He is deep bodied, easy fleshing, big topped and heavy. He was purchased in-dam from J Square S Angus and is a member of their cherished Forever Lady cow family. Ellingson Aquifer 9137 was extremely good footed, attractive made and powerful made. He was a top seller at Ellingson and was sold to Rust Mountain View Ranch.

Koupals B&B Blackout 0039 was the $40,000 high seller at Koupals sale. Blackout is sound moving, easy fleshing, docile natured and bigger framed. He was acquired because of his fleshing ability, EPD profile, rate of gain and mostly because of his dam. His dam is ideal in her production, quality phenotype, good udder and has multiple sons in leading AI studs and purebred operations. A female that is multiple generations of pathfinders and is admired by many as the best female in the Koupal program.

Recommended for heifers. A calving ease bull with an impressive EPD tabulation and performance data. He has an 821lb weaning weight with a ratio of 104 and a yearling weight of 1432 with yearling gain ratio of 112. His two-year-old dam is moderate framed, big ribbed and easy fleshing for a young cow. A flush mate to the dam was selected by Duff Cattle Co as the pick of our entire heifer calf crop in 2020. The grandam is our highest income cow and a major influence female in the Brooking program.

A heavy weaning bull that earned the heaviest weaning weight of the entire natural born bulls. His dam is one of our absolutely favourite Renovation sired young cows. She is extremely well made, long hipped, great uddered, pretty fronted with a big rib cage. The grand dam, Soo Line Annie K 9165 was a Supreme Champion at Agribition.

Recommended for heifers. A moderate framed son of Bang On that is smooth shouldered, balanced with a small head. His dam is a flush-mate to our featured young donor Brooking Rose 0083. The grandam is Soo Line Rose 1019 who has always been admired for her incredible mass, square hip and attractive look. Her production record speaks volumes as she consistently produces top sellers.
